Precipitation for the year 1941 was 24.99 inches, which was the lowest shown since the department kept such records. The first readings were taken in 1915. The next lowest precipitation was 28.53 inches in 1928; the highest was 45.44 inches in 1933. The average precipitation for the past 26 years is 36.72 inches. In 1941, we did everything possible to save water, yet the consumption was as large as any past year. The Rice Reservoir was entirely empty October 12th, then gained 4,500,000 Nov. 10th, and was empty again until December 31st. Our lowest point of storage was 38,000,000 gallons, November 1st. We should have more water for other dry years and increased consumption.

REPORT OF THE TRUSTEES OF FISKE FREE LIBRARY

Circulation figures show a decrease this year. This was to be expected since people are so busy with Red Cross and Civilian Defense Work that they have less time for reading. The redeco-rating of the building which resulted in closing for about ten days also hampered our service to the public. However, in spite of this 68,903 books were circulated.

We have added 1104 books of which 116 were gifts. 576 new borrowers were registered.

Now that we are at war more not less will be expected of the library to meet the demands of all who are working for the country's welfare. It will be necessary to buy more books to supply

information to defense workers and students. Those bought this year on Aviation, Drafting for Mechanic Trades and Automobile Engineering have been in constant use.

We should also have the latest books on economics, government, history and international affairs. The reading of history has increased this year which is proof that people want to keep informed about the war. Then too the library should have plenty of recreational reading to help relieve the strain of war.

As John W. Studebaker, United States Commissioner of Education says, "We should be distributing books with more and greater vigor, for books are our best allies in the fight to make democracy work."

As usual special requests have been met by borrowing from the State Library—an invaluable service. The Bookmobile makes its regular trips and so continues its service to the community.

The usual activities have gone on and we have loaned books to the Public Schools, the Parochial School, Rural Women's Reading Club, the Frances J. Tolles Home, the Newbury Library and the Bookmobile. Several boxes of discarded books have been given to the Sullivan County Home. Discarded books and magazines have also been given to the guards at the High Bridge.

The nation wide Victory Book Campaign to collect books for our men in service has brought in to date about 350 books. Mrs. Mildred Chandler is the local director of this activity which is to continue until April.

Newspaper publicity, bulletin board display and table exhibits have been used to bring books to the attention of the public. We especially wish to thank the Claremont Daily Eagle for printing our list and other notes. At all times there is a table on which are displayed the latest war books as well as pamphlets and books on Civilian defense.

The library observed Good Book Week in November. Another book quiz proved popular with the children. Prizes were given for the two best papers. Many attractive children's books were on display and several teachers brought their classes to the library during the week.

An exhibit of work by Claremont artists held during National Art week attracted a great deal of attention. This was under the direction of Mrs. Henry Hawkins, Sr.

Two neighborhood meetings were attended and the New Hampshire Library Association at North Conway. Miss Ina Townsend attended the two week summer library course at the University of New Hampshire.

The library was redecorated during the summer. Venetian blinds put up in the main rooms and a new oil burner installed. All of which adds greatly to the appearance and comfort of the building.

Many gifts have come to the library during the year. We would like to make special mention of the following:

Bookmarks—Tardiff Electric Co., Dr. Porter O. Dexter
Mrs. Roy D. Hunter—Check for books
Mr. and Mrs. F. W. Johnston—books
Dr. Lee MacColleston—books
Mr. Louis Maxson—books
Miss Lillian Putnam—Descendants of Philip and Micum
McIntire 2 vols. In memory of her mother
Mrs. Robert Upham—Check for books
Mrs. F. C. Wood—books

Other gifts have come from the Government, State, individuals and associations. Following is a list of those to whom we are most grateful:

HEALTH OFFICER'S REPORT

To the Board of Selectmen:

Again this year the Health Department is pleased to report a great amount of interest and cooperation from the public. It has been most gratifying.

Acting in accordance with the requirements of Chapter 123, Public Laws of New Hampshire, 200 school children were vaccinated at the beginning of the school year under the direction of the board of health with cooperation of the school department.

Diphtheria immunization for the prevention of this disease has been continued as in former years by the Health Department with single dose free toxoid inoculation given to 110 school children.

Routine inspections have been made of food handling stores, restaurants, ice cream parlors, barber shops, fruit stores, and drink dispensing establishments with full cooperation in all cases as to compliance with state and federal laws pertaining to same.

The State Board of Health and local board cooperated in the inspection and condemnation of all food and drugs that were damaged or a total loss in the Pleasant Street fire with a complete listing of all such damaged material and proper disposal of all same made under supervision of both the State and local board. All foods and drugs sold after the fire were passed by both boards, the proprietors of respective establishments, and the insurance adjusters.

Nuisance complaints were received on many and varied types of conditions. There were 130 cases reported this year which was an increase over last year. These cases were for the most part agreeably remedied to the satisfaction of the persons making the complaints and this department. As in the past several "grudge" complaints were received. This type of condition did not support the original complaint and no action was taken. Newspaper statements of laws in a few cases were given to enforce action but no court action was taken this year.

A much more complete listing of the total number of cases of communicable diseases is presented in this report. This is due to the assistance of the school nurse in making a complete report of those found in the school system this year and the continued cooperation of local physicians and parents in reporting promptly to this department.

A total of 860 cases have been reported under the following classification: 373 Measles; 281 Mumps; 82 Chicken Pox; 1 German Measles; 97 Scarlet Fever; 1 Undulant Fever; 15 Venereal Diseases; 9 Tuberculosis; 1 Diphtheria.

There was two cases of food poisoning in which approximately 20 persons became ill which was investigated by this department and the State department.

A total of seven homes were fumigated by this department with formaldehyde gas in homes where tuberculosis was found.

WATER AND MILK ANALYSIS

The public and several private supplies of water in Claremont have been given periodic inspection and analysis. The results have, as a whole, shown the water to be of excellent quality.

Again an increasing number of private supplies have been submitted through this department to the State laboratory for complete sanitary analysis due to the past dry season.

There has been by the milk inspector, routine inspections made of dairy barns and milk establishments in Claremont and samples submitted to the State laboratory.

To the public, the physicians of Claremont, the school nurse, the nurses connected with public health work here and the Claremont General Hospital and staff; I wish to most sincerely thank you for the cooperation and assistance in carrying on the work of the Health Department for the past year 1941.

Respectfully submitted,

WILSON R. HAUBRICH, V. M. D.

ANNUAL REPORT OF THE NEW HAMPSHIRE TUBERCULOSIS ASSOCIATION AND CLAREMONT CLINIC
AND NURSING SERVICE 1941

Since the organization of the N. H. Tuberculosis Association in 1916, Christmas Seal funds have been the main support of its work and services for the prevention and cure of the disease.

Year after year, as a result of the teaching of patients in sanitary disposal of their sputum, billions of tuberculosis germs have been destroyed and families and residents in this community spared from infection by these germs.

Each year has seen a reduction in the death rate. Also in the addition of many names to the list of cured patients from the sanatoriums and in the homes.

We take this opportunity to thank the hundreds of Claremont people who through the years have loyally supported this campaign. We ask for their continued assistance. We also extend our grateful appreciation to all agencies, health officer, physicians, nurses, hospital and other groups which have helped to insure the success of the fight against tuberculosis.

Respectfully submitted,

New Hampshire Tuberculosis Association,
CLUFFIE M. GOBIE, R. N., Field Nurse.

REPORT OF MILK INSPECTOR

This year finds us with four Pasturizing Plants and five dealers and some stores selling Pasturized products.

Not quite as many stores selling milk as last year but a total including stores of about 100 dealers were issued licenses.

About 200 visits have been made to dairy plants, some of them in company of the State Board of Health representative and where necessary corrections have been made.

All the cattle supplying milk to Claremont have been tested for tuberculosis and found free.

A great deal of Bang's testing has been done during the past year and reactors removed and slaughtered. According to State Law all cattle will have been tested for Bang's by July 1942.

For the duration of the war in order to conserve tires, autos, and labor it may become necessary to divide the routes to stop unnecessary travel, two or three deliveries on the same street. Routes may consolidated, deliveries may be only every other day or even every third day. Whatever has to be done, we will try to give the best possible service and I shall try to get milk to you in good condition, but it will also mean that the consumers might not possibly get the milk from the man they wished, it will also mean that you will perhaps get milk 24 hours older. That will mean you will have to get your milk off the porch as soon as delivered and get it under refrigeration in order to have it keep. It will also mean that you only pour out what you need for each meal and keep the rest cold, and not add what is left warm in the pitcher back into the cold bottle. Also keep milk capped while under refrigeration.

I hope the public will bear with the dealers and milk inspector and not find too much fault if your milk should sour quicker than you expect for after all we didn't start this war but we must work together to finish it even though the milk is sour.

Respectfully submitted,

L. R. HAUBRICH, V. M. D.,

Milk Inspector.

POLICE DEPARTMENT

To the Police Commissioners and Citizens of Claremont:

RECOMMENDATIONS

I would like to recommend the following:

1. Each uniformed Police Officer be equipped with a revolver and handcuffs. We have a total of fourteen uniformed officers, regular and special, and six revolvers which are too light for police work.

This is such a serious condition that I even hesitate to include it in a public report. Even during peace times it is a serious condition and I feel that this matter should be corrected immediately.

2. A separate article in the Town Warrant to purchase revolvers, ammunition, and other supplies.

3. Serious thought be given to Police Radio. Great progress has been made in police radio during the past few months, and two-way radio for police work has been brought out recently that can be installed at a very small cost. A town the size of Claremont, geographically situated as it is, should have one of these inexpensive radio sets.

4. A separate room be provided in the Court Building to be used as a locker room for the police officers.

5. Some system be worked out whereas all applicants for the Police Dept. be required to pass a competitive examination which would also meet the requirements of the New Hampshire Police Retirement Board.

REMARKS

During this past year I have tried to obtain every bit of available information on police work in connection with Civilian Defense, by attending the International Police Chief's Convention in Buffalo, N. Y., a two day F. B. I. Meeting in Boston, several State meetings in Concord and Manchester.

My attendance at the F. B. I. School for six days in February, 1942 has been very profitable and much valuable information has been gained pertaining to police work in connection with Civilian Defense. It has been brought even more forcibly to my mind what is to be expected from the police, and it is most pathetic that our local department is so poorly equipped to handle the work that will be expected.

The result of the call for local assistance in the forming of an Auxiliary Police Force has been most gratifying to me. Approximately two hundred men have made themselves available for any kind of police work that will be needed in any future emergency. This spirit of cooperation is very much appreciated.

Mrs. Edith Belair and Mrs. Helen Jones are the instructors of the Standard Red Cross First Aid Classes that must be attended by each member.

I am especially fortunate in having the assistance of Senator John H. Leahy, who is acting as Chief of the Auxiliary Squad. This group of men represent every section of our town and are giving many hours of their time in preparing to do police work during the coming emergency.

Conditions are serious, and with the work ahead it is a pleasure for me to feel that there is an organized group of men ready to do their part when the perilous time, which at the present seems inevitable, strikes home.

Respectfully submitted,

WILLIAM C. NOBBS, Chief of Police.

REPORT OF BUILDING INSPECTOR

For the Year Ending December 31, 1941

To the Honorable Board of Selectmen:

There were 13 new houses, 80 new tenements, 33 garages, 4 poultry houses, 2 new business blocks, 12 stores and 1 gas station, built during the past year. The rest of the building done has been for alterations and repairs. There were 252 permits issued. The estimated cost of building operations was \$374,355.00.

Respectfully submitted,

W. E. ROUNDY, Building Inspector.

CHIEF ENGINEER'S REPORT

To the Board of Selectmen:

I hereby submit my report for the year ending January 31, 1942.

There were 16 bell alarms, and 412 still alarms making a total of 428 alarms; an all high record for the Department, the previous high record was 406 alarms.

Many of the still calls represented fires which but for the prompt notification of the Department, and the equally prompt response, would have developed into disastrous fires, requiring a general alarm.

The estimated value of buildings damaged by fire	\$ 276,000.00
Insurance on said buildings	210,900.00
Insurance paid	69,739.36
Insurance on said contents	715,145.00
Value of contents of buildings	1,143,050.00
Insurance paid	74,945.86

The unusual high fire loss is due to the Stowell Block fire, November 29, 1941, with a loss of \$113,762.01 to buildings and contents.

With a few exceptions the inspection of business places, has been carried out as in the past, with very good results.

The motor fire apparatus is in very good condition.

The buildings are in good condition, with the exception of the doors on the apparatus floor, which should be replaced with new overhead doors, this would make a great difference in the cost of heating the building.

500 ft. of 2½ inch hose, and 500 ft. of 1½ inch hose was purchased during the year, making a total of 6850 ft. of good double jacket 2½ inch hose, 1200 ft. of 2½ inch single jacket hose which is in very poor condition and a total of 1850 ft. of 1½ inch hose, the Department has on hand.

No new fire alarm boxes have been installed during the past year, with the exception of the old boxes, which should be replaced, the fire alarm system is in good condition.

Four new hydrants have been added during the past year. One on Ridge Avenue near corner of Francis Street, one on corner of Maple Avenue and Lea Street, one on corner of Maple and Lindy Avenues, one opposite James Terry's home on Junction Road to West Claremont.

PERSONNEL OF FIRE DEPARTMENT

Allen L. Palmer, Chief
Esmond Dansereau, 1st Assistant Chief
C. L. Cann, 2nd Assistant Chief
C. F. Little, 3rd Assistant Chief
Engine Company No. 1-6 Permanent Men
Engine Company No. 2-4 Call Men
Hose Company No. 1-16 Call Men
Ladder Company No. 1-16 Call Men
Fire Police, Robert Hadley

I am recommending this year, that the salaries of the 6 permanent men be increased, also that two more permanent men be added to the department. Due to the increase of calls on the department, and the shortage of help during meal hours, I believe that these additional permanent men would greatly increase the efficiency of the department, this in my mind would more than repay the additional cost to the taxpayers of Claremont.

REMARKS

To the Board of Selectmen, Police Department, Telephone Company, American Legion, Officers and members of the Department, and the Public in general, I wish to take this opportunity to extend my sincere thanks and appreciation for the support and cooperation given me during the year.

Respectfully submitted,

ALLEN L. PALMER, Chief Engineer.

FIRE WARDEN'S REPORT

For the Year Ending December 31, 1941

To the Selectmen and Citizens of Claremont:

I would submit the following report:

There were 7 brush and grass fires in the Town of Claremont the past year.

The total cost to the department was \$1,471.29.

There are 7 Deputy Wardens, H. R. Fraser, W. M. Burr, Fire Station; Alfred Pierce, Dean Hill; A. H. Freeman, Red Water Brook; George Braley, Beauregard Village; Esmond Dansereau, Mulberry Street; and Harry J. Delorier, Harvard Street.

The matter of permits, is lived up to very well, there were 191 permits granted in 1941.

I wish to thank the Public for their cooperation and assistance.

Respectfully submitted,

A. L. PALMER, Forest Fire Warden.

REPORT OF COMMITTEE ON ACQUISITION OF SUMNER'S AND GOVERNOR'S PONDS

Your committee was appointed by the moderator, consisting of Charles Tipping, Roy D. Hunter, C. B. Officer, William Gaffney, J. L. Ainsworth under authority of Article 67 of the Warrant as passed by the Regular Town Meeting held March 11, 1941. The duty of this committee was to secure an enabling act, if possible, from the Legislature permitting the Town of Claremont to take by rights of Eminent Domain or otherwise, the waters from Sumner's Pond in the Town of Croydon and Governor's Pond in the Towns of Croydon and Newport for the purpose of supplementing the present water supply. The Committee employed Howard H. Hamlin and Robert W. Upton as attorneys to assist them. Senate Bill No. 55 was drafted and presented to the Senate for consideration. This bill failed to pass the Senate after proper hearings and your committee took no further action in regard to the matter.
